WorldSharp 1099 Service Information:

IRS E-filing Requirement Change:

The IRS has changed the threshold to require e-filing as opposed to paper filing. Starting with the 2023 forms year, if more the 10 forms are to be filed, they must be e-filed. This used to be 200 for most forms. The new threshold is applied to the aggregate of forms. For example, if there are 7 1099-Div forms and 4 1099-Int forms, then all 11 forms must be e-filed.

IRS TCC (Transmitter Control Code) Change:

For new and existing TCC's, the transmitter is required to have an ID.me account. The process for applying for a TCC is also much more complicated. If the transmitter did not use the new procedure prior to September 1, 2023, they will have to apply for a new TCC.

WorldSharp can provide e-filing service for 1099/1042-S customers:

up to 50	25.00 per type of form each filing.
51 to 100	50.00 per type of form each filing.
101 to 500	75.00 per type of form each filing.
501 to 1000	100.00 per type of form each filing.
1001 to 2000	200.00 per type of form each filing.

Over 2000, call for quote. Special e-filing of corrections, amendments or filing of years prior to 2023, please call for quote.

WorldSharp provides printing, mailing service for 1099/1042-S forms:

We will do the printing (Standard IRS Forms Format), provide envelopes and inserting, mailing (current first class postage at the time of mailing) and a PDF file of the forms that we mailed. The groups may contain mixed types of forms.
